

Spring 2022 Leapfrog Hospital Safety Grade

The Leapfrog Hospital Safety Grade assigns an "A," "B," "C," "D," or "F" letter grade to nearly 3,000 general acute-care hospitals in the U.S. It is the only rating focused on a hospital's ability to protect patients from preventable errors, accidents, injuries, and infections.

U.S. Rankings Map

The heat map shows which states have the highest (darker green) and lowest (lighter green) percentages of "A" hospitals.

About The Leapfrog Group

Founded in 2000 by large employers and other purchasers, [The Leapfrog Group](#) is a national nonprofit organization driving a movement for giant leaps forward in the quality and safety of American health care. The flagship [Leapfrog Hospital Survey](#) and new [Leapfrog Ambulatory Surgery Center \(ASC\) Survey](#) collect and [transparently report](#) hospital and ASC performance, empowering purchasers to find the highest-value care and giving consumers the lifesaving information they need to make informed decisions. The [Leapfrog Hospital Safety Grade](#), Leapfrog's other main initiative, assigns letter grades to hospitals based on their record of patient safety, helping consumers protect themselves and their families from errors, injuries, accidents, and infections.
